Come on, Visit our showroom near Quatro Estradas and watch movies in our TV spas complete with 19" Screen and Dolby Surround Sound

Quality Spas at affordable prices arrive in Portugal

Master Spas are proud to announce the opening of their latest European dealership in Portugal with an amazing flagship store in the Algarve.

Algarve Hot Tubs was the brainchild of three of our longest established European dealers, Sean Blake from the Channel Islands, Joakim Satervi from Sweden and Graham Carroll from Ireland. Together they have a combined experience of over 40 years in the Hot Tub industry.

These dealers have always been proud to represent such a quality product and consider themselves really lucky, having been in the industry for so long that they have the pick of the crop. Over the years they have had many Hot Tub companies knocking on their doors asking them to sell spa products, but none can match the quality, comfort and innovative design of a Master Spa.

As Graham Carroll explained, in our experience most manufacturers spend a vast portion of their revenue on marketing and very little on the product. Master Spas have always done it the other way round, which is why, when our customers first set eyes on our products they just can't believe the level of quality and innovation. Master Spas have been manufacturing spas for over 25 years and were the first to introduce a TV into their spas, the first to install magnetic therapy in their spas and also the first to install a steel structure in their spas, giving unequalled strength.

Master Spas most recent developments have been the amazing H2X Swimsa which lets you swim and exercise in warm water all year round, we have also just introduced the worlds first spa with a built in sun bathing deck, with or without our 19 inch motorised Spa Theatre System with 7 speakers and full Dolby surround sound.

The flagship shop at Quatro Estradas will have all of these models installed and will have private test drive areas so you can see exactly what you are getting for your money.

The **Grand Opening is Easter Friday 21st March**, their will be food and drinks available and during Easter weekend their will also be special discounts up to 40% available for people who register online before 21st March at our website **www.algarvehottubs.com**
